

26TH ANNUAL EMERGENCY MEDICINE FOR RURAL HOSPITALS

A PROGRAM FOR
PHYSICIANS AND NURSES

FRIDAY EVENING
TO SUNDAY

January 22-24, 2010

COURSE OVERVIEW

This program is designed for physicians and nurses in rural hospitals. Through a combination of plenary lectures, breakout sessions and small group workshops, participants will review current issues in management of patients presenting to rural emergency departments.

NOTE Small group workshops have limited registration.

REGISTER EARLY TO AVOID DISAPPOINTMENT.

COURSE OBJECTIVES

To provide nurses and doctors with an update on the management of urgent conditions presenting special challenges in the rural emergency department. Assessment, investigation and treatment appropriate to the rural setting will be covered.

To assist physicians and nurses in identifying patients who can be optimally managed in a rural setting and those who require referral to a larger centre. Transport issues for patients needing referral will be addressed.

To provide a forum for exchange of information among health professionals in rural communities.

Creating the future of health

COURSE OUTLINE

FRIDAY JANUARY 22, 2010

- 1800 Registration
- 1845 OPENING REMARKS
Greetings from Course Chairs
Steven Douglas & Jan Kautz
Greetings from the Continuing Medical Education and Professional Development Office
- 1900 KEYNOTE
The Agitated Patient
Bruce Campana
Dealing with the agitated, suicidal, or dangerous patient is one of the realities of practicing emergency medicine. Having a plan in place can change a dangerous and uncomfortable situation into one that is managed with reasonable calm and safety for the patient and the staff. This presentation will look at some options available today, including protocols, manpower and medication for different situations.
- 2000 SHORT SNAPPER
Practice-Changing Articles from the Recent Literature
Grant Innes
- 2030 Reception
Stay and enjoy a wine and cheese reception while having an opportunity to socialize with your colleagues.

SATURDAY JANUARY 23, 2010

0730 Continental Breakfast / Late Registration

PLENARY SESSIONS

- 0800 **Management of Recent Onset Atrial Fibrillation in the Rural ER**
Ian Stiell
- 0840 **We Need to Put You to Sleep**
Alexis Mageau
Practical aspects of procedural sedation and analgesia.
- 0920 **Non-STEMI Chest Pain – The Grey Area**
Grant Innes
Differentiating the more difficult cases, when and how often to do troponins, who needs admission to hospital, who can go home.
- 1000 Nutrition Break

BREAKOUT SESSIONS

1030, 1135, 1330, 1435, 1540

Each breakout session is 50 minutes long with 15 minutes for travel to the next session – lunch is 1230 to 1330.

**REGISTER EARLY
TO ENSURE YOUR CHOICE OF WORKSHOPS**

WORKSHOPS

Workshop sessions have been identified as designed for physicians, nurses or both (multi-disciplinary). Although the focus of the GROUP A workshops is for the identified health professionals, other disciplines are welcome to attend. GROUP B workshops are restricted to the identified health discipline group.

- Sessions designed for PHYSICIANS: A1-A16 and B1-B8
- Sessions designed for NURSES: A12-A20 and B6-B11

Due to the limited capacity and/or hands-on component of certain workshops, participants will be assigned to a maximum of two of the workshops in GROUP B. Attendance will be strictly monitored. Priority will be given to those registering early. The remainder of sessions assigned will be from your GROUP A choices.

Most breakouts will be held at the Banff Park Lodge, although some procedure-based small group workshops will be held at the Mineral Springs Hospital next to the hotel.

GROUP A

- A1. Recognizing and Managing Pediatric DKA (PHYSICIAN FOCUS)
Peggy Thomson
- A2. Non-invasive Ventilation: The Use of CPAP Modality for Pulmonary Edema and COPD (PHYSICIAN FOCUS)
Luc Berthiaume
Understand when and how to use CPAP and when definitely not to use it.
- A3. Joint Injections Simplified (PHYSICIAN FOCUS)
Eric Babins
Following a brief overview of indications for joint injections and aspiration, participants will have a practical session.
- A4. Clinical Examination of Soft Tissue Injuries of the Shoulder (PHYSICIAN FOCUS)
Greg Buchko
This workshop will help non-specialist physicians develop skills to examine and diagnose shoulder injuries.
- A5. Novel Uses for Ultrasound (PHYSICIAN FOCUS)
Kyle McLaughlin
Take bedside ultrasound to the next level. In this lecture, learn about advanced ultrasound techniques to complement your practice.
- A6. Weathering the Perfect Storm: Living While Practicing Emergency Medicine (PHYSICIAN FOCUS)
Marc Cherniwchan
This interactive workshop is designed to help participants understand the root reasons for stress in the practice of Emergency Medicine in the rural setting and to explore practical, workable ways of managing family and personal life while doing this work long-term.
- A7. Clinical Clearance of the C-Spine (PHYSICIAN FOCUS)
Ian Stiell
Research-based practical advice for the rural GP's approach to C-Spine issues.

COURSE OUTLINE

SATURDAY JANUARY 23, 2010 – cont'd

- A8. Pearls and Pitfalls in ECG Interpretation (PHYSICIAN FOCUS)
James McMeekin
What not to miss in ECGs and what are the next steps.
- A9. The Friday Afternoon Oncologic Emergency (PHYSICIAN FOCUS)
Alberta Health Services Cancer Care Physician TBA
Using a case-based approach, common oncological emergencies such as febrile neutropenia will be discussed.
- A10. After the ABCs: What Sick Kids Teach Us About Health and Care (PHYSICIAN FOCUS)
Vincent Hanlon
In this session we'll consider the nature of brief therapeutic alliances, how we communicate with children and remind ourselves of the importance of name, touch and being present.
- A11. Approach to Three Views of the Abdomen (PHYSICIAN FOCUS)
Stefan Przybojewski
How to sharpen your interpretation skills with plain film of the abdomen.
- A12. Vomiting and Diarrhea Care Pathway (MULTI-DISCIPLINARY FOCUS)
David Johnson
A new protocol for pediatrics.
- A13. Challenges of Transport from Remote Rural Communities (MULTI-DISCIPLINARY FOCUS)
Trina Larsen Soles
This session will discuss case presentations highlighting difficult transport situations involving trauma, medical and obstetric/neonatal emergencies.
- A14. Adolescent Substance Abuse (MULTI-DISCIPLINARY FOCUS)
Samuel Chang
This workshop will focus on the challenge of managing the adolescent's foray into substance abuse.
- A15. Evidence-based Health Tips for MDs and RNs (MULTI-DISCIPLINARY FOCUS)
PFSP Physician TBA
This session will explore six proven strategies for staying healthy while working in a pressured clinical (ER) environment.
- A16. Differentiating the 3Ds (MULTI-DISCIPLINARY FOCUS)
Kelly McDonald & Colin Powell
Identifying depression, delirium, and dementia – why bother?
- A17. Understanding the Chest Drainage Tube and Pleur-Evac System (NURSE FOCUS)
Anthony Falvi
Overview of theory and management of chest drainage system.
- A18. Respiratory Medication Devices (NURSE FOCUS)
Kathy Courtney
Up to 91% of patients use their Asthma and COPD medications incorrectly. This session will help practitioners teach the patient and/or parent to administer respiratory medication effectively, enabling the patient towards self management of the disease.

- A19. Emergency Deliveries in the Rural Emergency Room (NURSE FOCUS)
Leslie Perry
Overview of vaginal delivery, shoulder dystocia and breech.
- A20. Rodeos, Ranches, and Recreation (NURSE FOCUS)
Theresa Pasquotti
This session will discuss trauma injuries from large animal interactions on the farm/ranch, rodeos and the "road"; patterns of injury, new information on trauma care & treatment; and some transport considerations.

GROUP B

Participants will be assigned to a maximum of two of the workshops in GROUP B. Priority will be given to those registering early. The remainder of sessions assigned will be from your GROUP A choices.

- B1. Intraosseous Access: New Tools to Help with an Old Skill (PHYSICIAN ONLY)
Steven Douglas & Katharine Smart
Practice your IO needle insertion techniques. Become familiar with the new drills available, making the procedure very quick, very simple and applicable to a much wider age range of patients from pediatric to adults.
- B2. Emergency Ophthalmology Procedures (PHYSICIAN ONLY)
Gordon Douglas
Overview of common eye emergencies and practical skill development for ocular examination and treatment including slit lamp.
- B3. Plastic Surgery Techniques in the Rural ER – Advanced Suturing Skills (PHYSICIAN ONLY)
Thomas Sinclair
Common plastic surgery problems seen in the ER and tips on how to treat them.
- B4. Procedural Critical Skills (PHYSICIAN ONLY)
Wayne Sefcik & Cathie Belenky
This session will comprise stations focusing on lumbar puncture, needle decompression, and insertion of chest tubes.
- B5. Airway Management (PHYSICIAN ONLY)
Ian Wishart & Alexis Mageau
This session will comprise stations focusing on assessment of the airway (regular versus difficult), in adults and children, adjuncts for difficult airway (Lighted Stylet, Bougie, LMA) and RSI intubation controversies.
- B6. Basic Suturing Techniques for the Rural Practitioner (MULTI-DISCIPLINARY FOCUS)
Mort Doran
This session will provide a practical overview and demonstration of basic suturing.
- B7. STARS Simulator (MULTI-DISCIPLINARY FOCUS)
David Lendrum, Chad Hegge & Bob Odney
The human patient simulator replicates complex medical and traumatic problems, offering health practitioners an opportunity to practice their reactions and skills.
Participate in 2 short case scenarios with this advanced technology that simulates an emergency room.

COURSE OUTLINE

SATURDAY JANUARY 23, 2010 – cont'd

- B8. Pediatric Human Patient Simulator
(MULTI-DISCIPLINARY FOCUS)
Tanuja Kodeeswaran & Connie Abrey
The pediatric patient simulator helps healthcare professionals to develop and enhance the skills required to provide medical assessment and treatment of children. In this workshop, participants will work through common emergency pediatric presentations in real time, using an advanced simulator.
- B9. Procedural Skills for Managing Trauma Patients (NURSE ONLY)
Thora Barnes, Laura Fowler, Patricia Morkin & Theresa Pasquotti
Demonstration and hands-on experience with pelvic binder, spinal immobilization, fluid warmer and Intraosseous.
- B10. Basic ECG Interpretation (NURSE ONLY)
NOTE: DOUBLE SESSION (TWO 50 MINUTE TIME SLOTS)
Angela Hope
Examine elevation and depression of ST segment and new onset Bundle Branch Block and what it means; distinguish the difference between inferior vs anterior and the clinical implications.
- B11. Advanced ECG Interpretation (NURSE ONLY)
NOTE: DOUBLE SESSION (TWO 50 MINUTE TIME SLOTS)
Susan Bengivingo
Examine axis deviation and bundle branch block and which leads are involved; discussion of patient stratification in ACS and administration of fibrolytics in the rural ER.

Rural Emergency Nurses Interest Group Meeting Emergency Nurse Interest Group of Alberta (ENIG)

1630 Meeting (1hour)

Alberta Section, Society of Rural Medicine

CHAIR/HOST – *Dr Allan Garbutt*

- 1700 Rural Health Strategy
Guest Speaker from Alberta Health Services
- 1800 Annual General Meeting
(appetizers & refreshments will be provided)

SUNDAY JANUARY 24, 2010

PEDIATRICS IN THE RURAL EMERGENCY ROOM

Sunday morning sessions will focus on managing pediatric patients in the ER – what are the challenges, what is vital to know, new management guidelines and treatments.

0730 Continental Breakfast

PLENARY SESSIONS

- 0800 **Non-Traumatic Pediatric Orthopedic Emergencies**
David Chaulk
A review of presentation, recognition, diagnosis and management of pediatric orthopedic emergencies that are not secondary to trauma.
- 0845 **Pitfalls in Pediatric Trauma**
Sherry McGillivray
- 0925 **Pediatric Potpourri – A Primer on Pediatric Emergency Vignettes**
Edward Les
- 1010 Nutrition Break

PLENARY SESSIONS

- 1030 **Pediatric Sedation Pearls**
Marc Francis
Including a discussion about utilizing Ketamine and Propofol in the pediatric environment.
- 1115 **Sepsis – The Unfolding Sequence in the Pediatric Patient**
Graham Thompson
How kids differ from adults and a review of current guidelines.
- 1230 Closing Comments
Steven Douglas & Jan Kautz

DISCLOSURE OF POTENTIAL CONFLICTS OF INTEREST

In keeping with accreditation guidelines, speakers participating in this event have been asked to disclose to the audience any involvement with industry or other organizations that may potentially influence the presentation of the educational material. Disclosure may be done verbally or using a slide prior to the speaker's presentation.

GENERAL INFORMATION

ACCOMMODATION

Registrants must make their own arrangements. Reserve at the Banff Park Lodge (1 800 661 9266) by December 23, 2009 to receive the conference rate of \$115 per night (plus applicable taxes) at the Lodge or \$95 per night at the sister hotel, Bow View Lodge. This rate will be available for two days pre- and post-course, subject to room availability. Advise the hotel that you are registered for the Emergency Medicine for Rural Hospitals course. Also available are the following hotels:
Banff International Hotel (1 800 665 5666)
Brewsters Mountain Lodge (1 888 762 2900)
Delta Banff Royal Canadian Lodge (1 800 661 1379)
See www.banfflakelouise.com for additional accommodation.

REIMBURSEMENT OF REGISTRATION FEES

Physicians who are members of the Alberta Medical Association may be eligible for reimbursement of registration fees and expenses to attend CME courses from a fund administered by the AMA. For more information, call the AMA at (780) 482 2626 or 1 800 272 9680.

CONFIRMATION OF REGISTRATION

On-line registration (where available) confirmation is automatic after registering on-line. A tax receipt will be sent approximately 2 weeks after registering.

For all other methods of registration (mail, fax) confirmation will be in the form of a tax receipt. No other confirmation will be sent. Please allow 2 weeks for registration processing.

REFUND POLICY

A registration refund will be made upon written request prior to January 12, 2010. However \$40 will be retained for administrative costs. No refund will be made for cancellation after January 11, 2010. NOTE: Refunds are processed only on the return of original receipt. All receipts must be returned within 30 days after program date.

COURSE CANCELLATION POLICY

The Office of Continuing Medical Education and Professional Development reserves the right to cancel the course if there are insufficient registrations.

ACCREDITATION

The University of Calgary – Office of Continuing Medical Education and Professional Development is fully accredited by the Committee on Accreditation of Canadian Medical Schools (CACMS).

STUDY CREDITS

This program meets the accreditation criteria of The College of Family Physicians of Canada and has been accredited for up to 12 MAINPRO-M1 credits.

- A19. Emergency Deliveries ... Rural Emergency Room
- A20. Rodeos, Ranches, and Recreation

GROUP B

These workshop sessions have a hands-on component or smaller capacity and participants will be limited to a maximum of two workshops in this group. Sessions fill quickly.

GROUP B Physician Breakouts

Select 7 – Number in order of preference with 1 being the most important.

- B1. Intraosseous Access
- B2. Emergency Ophthalmology Procedures
- B3. Plastic Surgery Techniques in the Rural ER
- B4. Procedural Critical Skills
- B5. Airway Management
- B6. Basic Suturing Techniques ... Rural Practitioner
- B7. STARS Simulator
- B8. Pediatric Human Patient Simulator

GROUP B Nurse Breakouts

Select 4 – Number in order of preference with 1 being the most important.

- B6. Basic Suturing Techniques ... Rural Practitioner
- B7. STARS Simulator
- B8. Pediatric Human Patient Simulator
- B9. Procedural Skills for Managing Trauma Patients
- B10. Basic ECG Interpretation

**NOTE: DOUBLE SESSION
(TWO 50 MINUTE TIME SLOTS)**

- B11. Advanced ECG Interpretation

**NOTE: DOUBLE SESSION
(TWO 50 MINUTE TIME SLOTS)**

PRIORITY WILL BE GIVEN TO THOSE REGISTERING EARLY
